2015 Sugarbeet Precision Planter Clinic

WHAT
Consistent stand establishment is the foundation that supports high yields and quality of all crops. This is particularly important in the production of sugarbeets. The specific goals of this clinic are to improve plant emergence, seed spacing and ensure consistent depth. Producers need to be aware of the latest planter technologies and how they may improve planter performance. Topics, discussion and demonstrations will include:

- Down Pressure/Depth Control
- Precision Planter Units
- Seed Tubes/Inserts
- Meter Max Ultra Test Stand
- Closing Wheels
- Electronics/Monitors
- Planter Maintenance
- Electric Eyes
- Seed Plates/Vacuum Pressure
- Residue Removers
- Fertilizer Attachments
- New Technologies

WHEN
Thursday, January 22, 2015
Registration 8-8:30 AM Coffee & Rolls
Program 8:30 AM until 12:00 PM
Lunch begins at 12:00 PM
