4-H Program Coordinator’s Message

Now that we are entering the winter months you may be looking for ideas for your club meetings. There are many resources available in the MSU Extension Office that could make great winter projects for a club. 4-H has the following things available for your use: sewing machines, wood burning kits, animal science kits, zoonotic disease kits, and much more!

This is also a great time of year for clubs to complete a community service projects. If you are looking for ideas for your club, do not hesitate to ask!

I will be out of the office from December 22 to January 2 and will return to the office from the holiday break on January 3. At that time I will be following up with emails and messages that have come in during that time.

Have a great holiday season with your friends and family! Merry Christmas and Happy New Year!

Alex Schunk
4-H Program Coordinator

2018 4-H State Award applications process now open!

Michigan 4-H true leaders ages 11 and older have an opportunity to be recognized for the great work they do in 4-H by completing a state award application. A Michigan 4-H State Award is the highest honor bestowed on a Michigan 4-H member and provides an opportunity to receive recognition for their engagement in rich learning experiences that result in outstanding knowledge and life-skill development.

State award applications are divided into four categories: Mark of Excellence essay contest (11-12 years old), junior state award (13-15 years old), senior state award (16-19 years old) and group awards (13-19 years old). The application process and selection is determined by the age of the 4-H member. Final candidates for the junior, senior and group level awards in each project area will be selected to participate in the State Awards program during 4-H Exploration Days in June where final selection and announcement of winners will take place.

The application can be found at http://bit.ly/2xWk3VO and is due Feb. 1, 2018. For more information, contact Betty Jo Krosnicki at nashbett@anr.msu.edu.
