What is an action plan, and why is it important? An action plan is a set of goals you create to help you be successful in completing the training required to become a 4-H Summer Camp Counselor or, to improve the life skills you have previously gained from this program. You may also set goals on what you want to improve upon in your skills as a camp counselor. You determine your goals based on what you want to learn, or what you want to achieve in this teen leadership role as a camp counselor.

The action plans of each of the camp counselor applicants will be reviewed and the camp counselor meetings/training will reflect the goals that everyone has set.

1. What are your goals as a 4-H camp counselor?

2. How will the experience of being a 4-H camp counselor benefit you in the future?

3. What do you believe are skills you need to improve on to be successful as a 4-H Camp Counselor, and leader?

4. What training do you need to be a successful camp counselor?
5. How will you achieve your goals for becoming a 4-H camp counselor?
