Getting Started!

What is “poultry”? Poultry is a word we use to describe chickens, turkeys, ducks, quail, pigeons and geese. You can also include peafowl such as peacocks and guinea hens.

This year I want to learn these things about poultry:

__________________________________________________________________
__________________________________________________________________
__________________________________________________________________

This year, try and do some of the following activities:

1.) Tell my club something I learned about my project.
2.) Show my club something I learned to do with my project.
3.) Go to a poultry show.
4.) Show my project animal(s) at the fair.
5.) Take pictures of my poultry project.
6.) Hatch some eggs.
7.) Visit a poultry farm.

Where do you keep your bird(s)?______________________
__________________________________________________________________
__________________________________________________________________

What do you feed your bird(s)?______________________
__________________________________________________________________
__________________________________________________________________

Do you collect eggs from your bird(s)? Yes  No
How many eggs do you collect each day?___________

Label the parts of the chicken:

**Word Bank:** Toes, Sickles, Shank, Hackles, Back, Saddle, Comb, Breast, Fluff, Thigh, Wattles, Ears, Eyes, Wings, Beak
Breeds of Poultry

Choose two (2) breeds of chickens, ducks, or turkeys and do the following:

1.) List the breeds
2.) Decide if each breed is used for meat or eggs
3.) List three (3) distinct features about the breed (ex. Egg color, type of comb, color, etc.)

My 4-H Project Photographs

A completed record book requires that you have at least one photograph of your poultry project and yourself in the photo. You should also include a caption with your photo that includes the date of the photograph.
