**Bulletin #E–2839**  
**Price:** $13.00 *(plus postage if necessary)*

A field guide, this plastic-coated, pocket guide will help you identify and manage common insects, mites, diseases and abiotic ornamental plant problems. References are contained within the guide to more detailed information.

### 2004 Pest Management Guide for Commercial Production and Maintenance of Trees and Shrubs
**Bulletin #E–2782**  
**Price:** $26.00 *(plus postage if necessary)*

A comprehensive 175 page recommendation guide listing current pest management controls for diseases, insects, weeds and vertebrates that cause damage to trees and shrubs. This guide is aimed at the landscape and nursery professional that needs up to date IPM information. Numerous tables provide detailed information to help make pest management choices easier to decide.

### 2004 Pest Management Guide for the Production and Maintenance of Herbaceous Perennials
**Bulletin #E–2783**  
**Price:** $28.00 *(plus postage if necessary)*

A 70 page recommendation guide that lists current IPM strategies for diseases, insects and weed management for herbaceous perennials. It contains a number of valuable tables to help make pest management choices easier to decide. This guide is geared for the landscape and nursery professional who needs current IPM information in their business.

### IPM (Integrated Pest Management) of Midwest Landscapes
**Bulletin #E–2922**  
**Price:** $60.00 *(plus postage if necessary)*

A brand new resource that every nursery or landscape professional in Michigan should have in their office. It covers in detail the biology, identification and management strategies for over 100 insects and mites that attack ornamentals in the Midwest. It is full of color photos to aid in identification.

### Identification and Management of *Inula britannica* in Ornamental Crops
**Bulletin # E-2875**  
**Price:** $.50 *(plus postage if necessary, single copy free to Michigan residents)*

A four page full color bulletin that focuses on a particularly aggressive and difficult to control weed that occurs in ornamental nurseries in Michigan. The publication describes the biology, identification and management strategies of this weed.
Identification and Management of Rorippa sylvestris (Yellow Fieldcress) in Ornamental Crops
Bulletin #E–3006 Price: $.50 (plus postage if necessary, single copy free to Michigan residents)

A four page publication that describes the biology, identification and management of Yellow Fieldcress. The publication contains color photos and a table that assist in identification. Yellow Fieldcress is a weed that has invaded many ornamental nurseries in Michigan.

Pesticide Applicator Core Training Manual
Bulletin #E–2195 Price: $5.00 (plus postage if necessary)

This manual is intended to prepare both private and commercial pesticide applicators as well as registered technicians in the core skills necessary to pass the Michigan pesticide certification, recertification or registered technician exam. Part A is required reading for all applicators requiring certification while Part B is also required reading by private applicators.

Manual Basico de Entrenamiento Para Aplicadores de Pesticidas
(Pesticide Applicator Core Training Manual in Spanish)
Bulletin #E–2195-SP Price: $15.00 (plus postage if necessary)

The Spanish version of the Pesticide Applicator Core Manual. It contains the same information as the English version but is intended for use by Spanish speaking workers who are seeking pesticide applicator certification in either private, commercial or the registered technician category.

Ornamental Pest Management
Bulletin #E–2291 Price: $5.00 (plus postage if necessary)

This manual is intended to prepare pesticide applicators in category 3B ornamental pest management for certification. This category includes the management of outdoor ornamental plants including evergreens, shrubs, shade trees, ground covers and flowering plants. Included in this category are commercial applicators managing pests of nursery stocks.

The above publications are available from all MSU Extension offices across the state of Michigan. Contact the office in your county for specific ordering information.
