Barry County 4-H Dairy Feeder Calf Sale

The purpose of our dairy feeder program is to teach 4-H members in the dairy project area how to utilize the male offspring in the dairy industry. This project also offers younger 4-H members who may not be ready for a larger project a way to get started on a smaller scale. Through this project 4-H members learn animal science, recordkeeping, responsibility, entrepreneurship, management, communication and team work.

Our dairy feeder calves will be offered for silent auction July 14—19 at the Barry County Fair. The calves will weigh from 300—550 pounds and are sold in lots according to their weight. The lots will be determined following weigh-in at the beginning of fair week. Calves are all back grounded, vaccinated, dehorned, castrated and ready for the feed lot.

To place your bid contact Superintendent; Luke Haywood 269-838-1635
