

Dear Huron County 4-H and FFA Members:

As we all know the 2018 Huron Community Fair is rapidly approaching. We as a Small Livestock Association as well as the specie superintendents are writing this to inform you of some changes that have taken place in exhibiting small animals (goats, poultry and rabbits) at the upcoming Huron Community Fair. These changes will be in the new fair book but we would like to take the time to highlight them now.

Changes taking place in the rabbit area:

Starting at the 2018 Huron Community Fair members will exhibit rabbits on **Monday, July 30, 2018 starting at 8am.** Show will still run identically as it has in previous years, it will just be a day earlier. Rabbit cages will be assigned to members as they check in the day of show.

Changes taking place in the poultry area:

Starting at the 2018 Huron Community Fair members will only be able to bring poultry in on Sunday, July 29 between 2-7pm. Born on or after: Geese : Born on or after February 11, 2018 Turkeys: Born on or after April 11, 2018 Ducks: Born on or after April 22, 2018 Chickens: Born on or after June 17, 2018. Birds that need to be tested for pollurum will need to be indicated on the SLA registration form so there is enough supplies.

Changes taking place in the goat area:

Starting at the 2018 Huron Community Fair members will exhibit goats on **Thursday, August 2, 2018. The show will begin at 2pm!** This year market goat classes will be broke down into three weight categories, lightweight, medium weight and heavy weight. Lightweights will be 40 pounds and under. Medium weight will be 41-70 pounds. Heavy weight will be 71 pounds and over. All male goats must be castrated before the fair with no evidence of swelling, the castration process and testicles must be completely gone upon weigh-in date of the fair. All animals not fitting this criterion will be immediately turned away. All evidence of dehorning must be completely healed at the time of fair weigh-in. (Dehorning should be done no later than June so they will heal in time). Any questions call the superintendent at least 4 weeks prior to weigh in date of the fair. No vet slips. No excuses. Goat exhibitors will also now be eligible to participate in a goat costume class that will follow at the conclusion of the dairy goat show. All ages of exhibitors and all breeds of goats welcome. Participants are welcome to demonstrate their imagination by using materials that best show an overall theme for their costume idea. An overall winner will be selected. Lastly members can now participate in educational exhibits for the goat department. Projects may include a posterboard describing animal anatomy, physiology, sanitation and/or causes of disease and immunology.

Changes uniform between all three specie areas:

There will be no resales of livestock during the SLA sale. All exhibits will be sold once with the buyer determining at the time of check out where their sale purchase will return to i.e. slaughter, take home live, food bank, etc. The SLA Sweepstakes will be on Friday starting at **6pm.**

Please do not hesitate to contact the specie superintendent if you have any questions or concerns regarding the changes. Thank you!

Rabbit: Darcy Lipskey (989) 550-3177, Heather Drabek (989) 269-7458, Melissa Kramer (810)614-2999

Poultry: Shelia & Kerry Grifka (989) 658-2568
