Age as of Jan. 1st:______. My favorite thing about my sheep project is: _______

___________________________________________________________________

___________________________________________________________________

___________________________________________________________________

Michigan State University Extension programs and materials are open to all without regard to race, color, national origin, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status or veteran status.
Objectives of the 4-H Cloverbud Sheep Project

1. To gain experience caring for sheep
2. To explore sheep breeds and feeds
3. To participate in group activities within your 4-H club

NOTE:

- Cloverbud projects are for the child to explore and discover project areas.
- Cloverbud projects are not to be judged or placed in any 4-H activity.
- The responsibility of animal ownership should not lie solely with the child, but with the parents also.
- Safety of the child should be the primary concern of the Cloverbud project.
My Lamb’s Name is __________________

My Lamb’s breed is __________________
