Great Lakes Regional Dairy Conference

February 4-6, 2016
Soaring Eagle Casino & Resort, Mt. Pleasant

Since 2003, the Great Lakes Regional Dairy Conference (GLRDC) has been dedicated to helping dairy producers learn new ways of increasing their profitability by doing more with less. Thanks to support from generous industry supporters, the GLRDC has earned a reputation as a top educational conference. In 2015, we welcomed more than 350 producers and dairy industry representatives over the three-day event. This year, we’re building on that momentum by delivering another high-impact conference. Leading experts will make presentations on topics ranging from nutrition and genetics to the future of the dairy industry and dairy sustainability and economics.

In addition to our quality line-up of educational speakers, we will once again be the home base for the ninth annual Dairy Industry Recognition Night where we will honor the industry’s leading producers, recognize dairy scholarship recipients and dairy judging team members, and announce the 2016 winners of the Michigan Dairy Ambassador Program.

Register online at: http://events.anr.msu.edu/event.cfm?folder=glrdc
Growers, consultants and agribusiness professionals are invited to participate in a series of six online programs addressing field crop production and pest management in 2016. Participants will learn how to enhance their corn, soybean, small grain and forage production systems in the coming season, and have an opportunity to ask questions of MSU agriculture experts. These live webinar programs can be viewed independently online. Registration is $15.00 for the full series of six webinars or $5.00 per individual webinar session. One MDARD Pesticide Recertification Credit will be available through each event for application to one of the following categories: Private Core, Commercial Core, or Field Crops.

All programs will be held Monday evenings 7:00 PM - 8:00 PM

**February 22**
