Dear Michigan Grazier,

This is a newsletter to inform you of upcoming educational meetings that are scheduled for the farm community this winter. Many of these meetings are focusing on ideas of how to improve your bottom-line. In the grazing arena commodity prices have fallen for milk, meat, and most any other commodities that can be grazed on grass. But still there are farms that are making changes and finding a way to breakeven and even profit during these times. If your plan is to stay in the farming business you need to attend some of these events to keep pace with the rest of the industry. I hope to see you out and about before the grass turns green!

Jerry Lindquist

MSU Extension Grazing Educator

Inside this issue:

- Highland Ag Conference: 2-3
- Midwest Cover Crops Council: 4-5
- Great Lakes Forage & Grazing Conference: 6-8
- Cow-Calf Management Seminar: 9-11
- Pesticide Review & Exam: 12
- MSU Extension Program Schedule: 13-16
Michigan State University Extension, in partnership with the Natural Resource Conservation Service and the Missaukee, Osceola, and Wexford County Conservation Districts, is pleased to announce the second annual Highland Ag and Natural Resources Conference. The conference will be held on March 11th, 2017 with registration and the trade show opening at 8:30 a.m. and the classes running from 9:30 - 3:00 p.m. at Baker College in Cadillac, MI. This is a valuable opportunity for current and next generation farmers or land owners to learn about what’s next for Michigan ag and land management. The event includes a variety of one hour, concurrent educational sessions with topics including sheep and goats, drones, wildlife management, farm finances, chestnuts, weed control and much more. Pesticide recertification and MAEAP Phase 1 credits will be available.

The conference will offer sessions for students interested in careers in agriculture or natural resources. Ag & Natural Resources-related vendors and agencies will also be on hand. Registration is $10 for students, $15 for preregistered adults, and $20 at the door and the fee does include lunch. To register, download the agenda, or view sponsorship and vendor opportunities, please visit https://events.anr.msu.edu/HighlandAgConf2017/

For general questions please contact Jerry Lindquist at lindquis@anr.msu.edu or (231) 832-6139.

MSU Extension programs and material are open to all without regard to race, color, national origin, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status, or veteran status. Accommodations for persons with disabilities may be requested by calling Jerry Lindquist at 231-832-6139 as soon as possible to help ensure sufficient time to make arrangements.

2017 MCCC Pre-Conference Annual Business Meeting – Tuesday, March 14th

7:30 – 5:30 The day before the conference, the MCCC will hold its annual business meeting. The business meeting is open to everyone, but must be registered for separately. See separate agenda.

2017 MCCC Annual Conference – Wednesday, March 15th

Making Cover Crops Work - Experiences from the Field

7:30-8:30 Registration / Poster Session / Vendor Time

Morning Joint Session (CCA & RUP Credits Pending)

8:30-8:45 Welcoming Remarks
   Ron Hendrick, Dean of the College Agriculture and Natural Resources
   Michigan State University

8:45-9:45 Keynote: Cover Crop Termination: Considerations when selecting herbicides and the potential for resistance
   Dale Shaner, Retired USDA-ARS—University of Colorado

9:45-10:00 Morning Break / Vendor Time

Concurrent Sessions (CCA & RUP Credits Pending)

Sessions will feature presentations about experiences from the field on making cover crops work delivered by a researcher/educator and farmer team. Three tracks will provide cover crop information on field crop, vegetable crop and forage/grazing systems. Each session includes ample time for questions from the audience.

2017 Great Lakes Forage and Grazing Conference: Forages for optimum performance and profit

Tom Kilcer will be the keynote speaker for the Great Lakes Forage and Grazing Conference on March 1, 2017. The 2017 Great Lakes Forage and Grazing Conference is scheduled for Wednesday, March 1, at AgroLiquid Fertilizer, 3055 W. M-21, St. Johns, MI 48879. Everyone is invited to join forage producers, farmers, graziers, custom forage harvesters, livestock owners of all types and forage enthusiasts for this annual conference and trade show. The event is a partnership between Michigan State University Extension, Michigan Forage Council and North Central SARE (Sustainable Agriculture Research and Education).

The keynote speaker for the event will be Tom Kilcer, former Cornell Cooperative Extension field crop and soils educator. His keynote address is “Primo Feed from Winter Forages – More Than a Cover Crop.” Following lunch and the Michigan Forage Council Annual Meeting, Kilcer will present “Harvesting Forages for Profit” in our afternoon session.

Breakout sessions that focus on hay and silage management and grazing management will round out the afternoon.

Hay and silage management topics:

Dairy Producers Panel—How to Use Forages for Maximum Return on Investment
Understanding Forage Sample Analysis – Steve Adsmond
Forage Research Update – Kim Cassida

Grazing management topics:

Grassfed Beef Project Update – Jason Rowntree
Grazing Multi-specie Cover Crops – Jerry Lindquist
Producer Panel—Secrets of Successful Dairy Graziers

The cost of the event during early enrollment is $45 for Michigan Forage Council members, $55 for non-members and $20 for students. Early registration deadline is Friday, Feb. 24. Add $10 to the registration fee for registrations after Feb. 24 and at-the-door registration (lunch not guaranteed).

To register or pay online, go to 2017 Great Lakes Forage and Grazing Conference. To pay by mail, download the conference brochure.

For more information, contact Tina House at 810-667-0341 or houset@msu.edu, or Phil Kaatz at kaatz@anr.msu.edu.

2017 Beef Cow-calf Management Seminar, by Michigan State University

The Michigan State University Beef Team will be conducting seminars for beef cow-calf producers.

The Michigan State University Beef Team will be conducting a two session Cow-calf Management Seminar at three locations. The three locations will be Bay College in Escanaba, Mid-Michigan Community College in Harrison and at the MSU Experiment Station in Clarksville. Dates of the programs will be February 14, and 28 in Escanaba, February 15, and March 1, in Harrison, and February 16 and March 2, in Clarksville. Each session will start sing-in at 6:30 with the program to start at 7:00 and ending at 9:15.

During the first session, guest speaker, Brenda Boetel, Professor and Department Chair of Ag Economics, University of Wisconsin Riverfalls will be present by webinar to discuss “Riding through the Ups and Downs of the Beef Industry.” Beef cattle prices have seen a great rise and fall over the past few years. She will discuss the factors creating the price changes and offer suggestions to ride out the pricing challenges while maintaining a plan for the future. Two other presentations will cover approaches to “Improve Profits by Increasing Revenue” and “Improve Profits by Decreasing Cost of Production.”

In the second session topics will include: Beef Cattle Selection-Select Bulls and Keep Heifers to Increase Income/Decrease Cost of Production, Culling Beef Cows-How and when should you make that decision, Calf Shelter and Care, Impacts of the MAEAP Program on Michigan Beef Farms.

The cost of the program is $10 per session. Participants can register on-line at https://events.anr.msu.edu/2017beefcowcalfworkshop/ or registration can be mailed to MSUE, 725 Greenland Rd, Ontonagon, MI 49953. Checks should be made out to Michigan State University. For more information, contact Frank Wardynski 906-884-4386, wardynsk@anr.msu.edu.

RESTRICTED USE PESTICIDE REVIEW AND EXAM

WHEN:  Tuesday, March 28, 2017

9:30 a.m. to 12:30 p.m. - Pesticide Update & Exam Review offered by MSU Extension  (pesticide re-
certification credits have been requested)
1:00 p.m.  - Restricted Use Pesticide Exam offered by Michigan Department of Agriculture
and Rural Development

WHERE:  Wexford County MSU Extension, 401 N. Lake St., Cadillac, MI.  49601

The review is for those wishing to receive final training before the exam or for those wishing to receive pesticide re-
certification credits (credits have been requested for this event).  You do not have to attend the review to take the ex-
am.  The exam is for those wishing to become certified to purchase restricted use pesticides or who need to re-certify.

For the exam:  You must bring a photo ID (driver’s license).
   Bring a #2 pencil and an ink pen.
   Bring your registration paperwork received in the mail from Michigan Department of Agriculture and Rural De-
velopment (MDARD) if renewing.
   Make check/money orders payable to “State of Michigan”.  Cash or credit/debit cards are not accepted.
   If retaking an exam that you failed you must bring receipt of payment from the previous exam session.
   Calculators if needed will be available from the exam proctor.  Personal calculators or cell phone calculators are
   not allowed.

Cost:  For the Exam -$50 for private applicators (farmers); $75 for commercial applicators (cash is not accept-
ed).  There is no charge to attend the review.  A pizza luncheon will be provided at the end of the review.

Registration:  Please register for these two events by either:
1.) Contacting Jerry Lindquist 231-832-6139 or at lindquis@anr.msu.edu or Jill O’Donnell 231-779-9480 or at
   odonne10@anr.msu.edu
   or
2.) You may register on-line for the exam at www.michigan.gov/pestexam

Exams are also offered at various times and locations around the State.  For the complete list of exams go to
www.michigan.gov/pestexam.

Accommodations for persons with disabilities may be requested by contacting Jill O’Donnell at 231-779-9480 by
March 24, 2017 to make arrangements.  Requests received after this date will be fulfilled when possible.

MSU is an affirmative-action, equal-opportunity employer. Michigan State University Extension programs and mate-
rials are open to all without regard to race, color, national origin, gender, gender identity, religion, age, height,
weight, disability, political beliefs, sexual orientation, marital status, family status or veteran status.
