Instructions: This report is a part of your 4-H Beef/Dairy Beef Market Project work. By keeping your report up-to-date you will be able to see how much progress you make as you set goals and work to accomplish them. Write neatly and clearly. If you need help, ask your parents and leaders to work with you.

Note: The date your record starts should be the day your animal is tagged and registered. The date your record closes should be the date of final weigh-in at the fair.

Totals  (1) $ ___________  (2) $ ___________

(a) 4-H eartag number.
(b) Applies only if you purchased to animal. If you raised the animal, leave blank.
(c) If you purchased the animal, list the price. If you raised the animal, list the value (For example, if you had to buy an animal of similar quality, what would it cost?).
(d) List the value of those animals that you have at the close of record. If the animal died, it should be considered a loss. If the animal was sold, list the selling price.
Weight Record

Date of **beginning weight** is the date your steer(s) were weighed at the start of the project. (Market animals must be weighed by March 1 if steer will be entered in Rate-of-Gain Class at fair. Feeder steers must be weighed and tagged at countywide Feeder Steer Weigh/Tag/Registration Day in June). The date of **final weight** is the date your market animal will be weighed at the fair (first Saturday of fair week). Use the “official fair weight” for the market animal you are entering at the fair. If you register a second (back-up) animal, estimate its weight, and enter it in the appropriate column. Calculate each individual animal’s average daily gain once final weights have been determined/estimated.
