4-H Breeding Stock Rabbit Project Report
15 – 19 years old

To be completed by all 4-H rabbit project members 15-19 years old enrolled in the Breeding Stock Rabbit Project.

Name ____________________________ Address ____________________________

Birth Date ___ / ___ / ______  Street/PO Box ____________________________

City ____________________________ Zip ________________________________

Member’s age as of January 1 of the current project year ______________

Club Name ____________________________ Project Leader ____________________________

No. Years in the rabbit project __________ Breed of Rabbit ____________________________

Sex & Class of Rabbit ____________________________ Variety (if applicable) ____________________________

This record is a part of your 4-H Breeding Stock Rabbit Project work. Write neatly and clearly. If you need help, ask your parents and leaders to work with you.

**My Project Plans**

A. I enrolled in this project because I want to learn: ____________________________

   ______________________________________________________________________

B. These are some of the things I looked for when I selected by project animal: ____________________________

   ______________________________________________________________________

**My 4-H Breeding Stock Rabbit Project Picture**

Attach a picture of your 4-H Breeding Stock Rabbit.
General

A. This is what I do to keep my rabbit(s) healthy: ____________________________________________
________________________________________
________________________________________
________________________________________
________________________________________

B. Do you use any type of preventative care? If so, please explain: _______________________________
________________________________________
________________________________________
________________________________________
________________________________________

C. I kept my rabbits in the following type of housing: _______________________________________ 
________________________________________
________________________________________
________________________________________
________________________________________

D. Explain the method you use for identifying/tattooing your rabbits: __________________________ 
________________________________________
________________________________________
________________________________________
________________________________________

E. I fed my rabbits the following kinds of feed & used the following type of feeding program: ______
________________________________________
________________________________________
________________________________________
________________________________________

F. What are some things rabbits are raised for: ___________________________________________ 
________________________________________
________________________________________
________________________________________
________________________________________

G. What do you do to prepare your Breeding Stock for show: _________________________________
________________________________________
________________________________________
________________________________________
________________________________________

H. What should the age be of your rabbit when you begin breeding: ___________________________

I. On the average, a healthy doe will have a productive breeding life of about how many years: ________________
