Ink on Glass
Project Guidelines

Revised May 2001

1. Exhibit must be ready to hang on the exhibit building wall at fair. This means the exhibit glass must be framed and have a hanging wire securely attached to the back of the frame. Exhibits that do not meet these requirements will automatically receive one full A, B, C grade lower at project evaluation at fair.

2. Exhibitors 9 - 11 years of age by January 1 must use regular “clear” glass. No non-glare glass allowed at this age level.

3. Exhibitors 12 years of age and older by January 1 may, if desired, experiment with other types of glass (i.e. non-glare, colored, textured, etc.).

4. Any type/brand of permanent ink markers may be used as the “ink” medium. Only black ink allowed. No colored ink.

5. Any type of material may be used, if desired, as a “background” to “highlight” the drawing (i.e. paint, fabric, colored paper, colored tissue paper, wallpaper, etc. may be placed behind the glass).

6. Exhibit must be signed and dated on the glass by the exhibitor. Date may be year only, month/year or day/month/year format as desired (i.e. 2001, July ’01, July 15, 2001; 7-15-01, etc.).
