2017 St. Joseph County
Grange Fair

September 17-23, 2017

P.O. Box 578
Centreville, MI 49032
Welcome to the 167th St. Joseph County Grange Fair!

Providing a fair to this community takes a joint effort from hundreds of volunteers, including persons of all ages. This is a joint operation of businesses, private individuals and persons who love this fair.

Tradition and family values set the theme and it will be my goal to keep with these themes plus bring in some new ideas to interest the younger fairgoer for the future of the Fair.

The fair provides entertainment for young and old alike for a very small portion of the entertainment dollar.

This fair prides itself in being the cleanest, safest and largest agricultural fair in the Midwest.

Please come be our guest for this year’s great event - the St. Joseph County Grange Fair!

Sincerely

Bill Johnson

...To Make the Best Better.
St. Joseph County
4-H Youth Program

Sponsorship: The St. Joseph County 4-H Youth Program is the non-formal youth educational component of Michigan State University Extension, which is jointly funded by the United States Department of Agriculture, Michigan State University, St. Joseph County Grange Fair Association and the St. Joseph County Board of Commissioners. Many St. Joseph County businesses, civic organizations and private individuals provide materials and financial support for the 4-H program.

4-H Clubs: 4-H clubs are comprised of groups of five or more young people between the ages of 6 and 19 years in urban, suburban, small town and rural settings. 4-H clubs carry out a wide variety of educational projects in civic and community service, agriculture, home economics and other areas. Volunteer adult leaders and older 4-H members enrolled in the 4-H Teen Leadership project give 4-H members direction and leadership.

4-H clubs function democratically. 4-H members run their own clubs with the guidance of adult leaders, elect officers, help plan and hold meetings and select educational projects. Each club drafts its programs to suit its members and the localities in which they live.

Current Situation: One hundred nine Cloverbud members ages 6-8 and 605 4-H members ages 9-19 are enrolled in 4-H this year (2017). These youth are members of one or more of the 28 4-H clubs in the county. These 4-H members have planned and conducted meetings and completed projects with the help and guidance of over 220 adult volunteer leaders and 83 teen leaders.

Emblem Colors and Pledge: The national 4-H emblem is a four-leaf clover with a letter "H" on each leaf. Club colors are green and white. The white background on the 4-H flag symbolizes purity. The green of the emblem represents nature's most common color, and is symbolic of youth, life and growth. The national 4-H pledge reads as follows:

I pledge My head to clearer thinking,
My heart to greater loyalty,
My hands to larger service,
My health to better living,
for my club, my community,
my country, and my world.

**General 4-H Livestock Rules**

**Introduction:** The 4-H program is educational by design. Its first priority is to help youth develop character, community service and skills in preparation of serving others in society. Members should strive to present the animals they have in the best manner possible. Each member should willingly teach others the things they have learned and are learning in 4-H. Because of the priority of developing high character and service to others, all livestock exhibitors and families will care for and prepare their animals for showing in the areas designated by the appropriate livestock superintendent so that 4-H members and families can learn from each other.

**Preparation, Care & Exhibition of Animals**

1. **Animals will be treated Humanely:** All 4-H animals shall be brought to the fairgrounds in a clean and presentable fashion. All 4-H members and families shall provide feed and water daily between 6:00 - 8:00 AM and 6:00 - 8:00 PM. All 4-H members and families shall not inflict undue pain for any purpose. If there is a question about the appropriateness of any treatment of an animal, the member or family members should get permission from the superintendent before implementing the practice. Abusive use of show aids will not be tolerated.

2. **“Report to Superintendent Immediately”** tags will be placed on any pen where animals have not been properly cared for by the exhibitor; **Explanation of tagging process:** 1\(^{st}\) yellow tag = warning - verbal. 2\(^{nd}\) yellow tag = written warning. Red tag results in loss of privileges and may result in loss of monies. Refer to 4-H project Animal Certification/Care form for full details.

3. **Proper Fitting and Representation of Animal Information:** The exhibitor is responsible to prepare their animal for presentation during the show. Immediate family members, grandparents, legal guardians, other current year St. Joseph County 4-H members or St. Joseph County 4-H leaders may assist them. It is expected that the animals will be washed and clipped as allowed in species rules. Tampering with the color or quality of the animal’s coat is not allowed unless species rules provide an exception. If there is a question to the appropriateness of a grooming or fitting technique the appropriate superintendent should be consulted for approval prior to using the technique. Tampering or misrepresentation of ownership, breeding, age, preparation or other irregularity in exhibiting will be considered fraud and deception. Any use of a professional fitter, groomer, arranger, etc. at the fair facilities is prohibited. Violation of this rule, as determined by the appropriate 4-H Species Superintendent and the St. Joseph County 4-H Program Coordinator will result in the disqualification of the exhibitor and the animal(s) will be removed from the fair facilities and market animals will not be sold at the auction. Any individual who is **not directly and actively** involved in the St. Joseph County Grange Fair program is prohibited from helping groom or otherwise prepare the exhibitor’s livestock project for show during fair week. Leaders of groups or clubs recognized by the St. Joseph County MSU Extension staff, St. Joseph County Grange Fair association, Fair Board members, superintendents, organizational leaders, FFA advisors or current St Joseph County 4-H member, and/or immediate family members/guardian/grandparent are permitted to assist the youth as necessary. However, the exhibitor must **actively** participate in the grooming of the animal as well. Any violation or infraction will cause disqualification of the exhibit.

4. **Fraud and Deception:** Fraud and/or deception will not be allowed relative to any 4-H exhibit. Fraud and/or deception being defined to include, but not limited to, the following:

livestock project may only be exhibited one time at the Fair).

B. Tampering, altering, and/or misrepresentation relative to but is not limited to 4-H animal’s breeding, age, ownership, and/or method of preparation or completion. (For example, with animal exhibits this includes, but is not limited to coloring that alters or misrepresents breed characteristics, pumping, drenching, and filling).

C. Unethical fitting of animal exhibits is defined as the administration of any substance (to include, but not limited to, drugs covered in letter (D) below, blood, oils, steroids, air, chemical substances) or performance of any surgical or nonsurgical procedure altering the animal’s configuration or natural conformation of any part of the animal’s body, or rendering its tissues unfit for human consumption and is prohibited. Exceptions that are allowed to letters (A) & (B) above include hoof trimming, dehorning, removal of hair, manipulation of normally attached hair, castration, branding, tattooing, ear notching, docking of tails on sheep and swine, and coloring that does not alter or misrepresent breed characteristics.

D. THE 4-H MARKET ANIMALS SHALL NOT CONTAIN any identifiable or unidentifiable foreign substance, including drugs, steroids, or chemicals, greater than those standards established by the United States Department of Agriculture (USDA) or Food and Drug Administration (FDA) as permissible for sale for consumption as human food both on day of show and day of shipment to market from the fair. Test samples that may be collected from any 4-H animal exhibit shall be free of any foreign substance including any steroids, drug or chemical affecting the central nervous system (for example, stimulants, depressants or pain killers). Refusing such tests will result in disqualification and forfeiture of all awards.

Disabled youth may be assisted, as necessary, during project evaluation and/or in the show ring by a parent/guardian, leader or other current St. Joseph County 4-H/FFA member. It will be the responsibility of the “assistant” to inform the judging clerk (in the case of project evaluation) or the show superintendent (in the case of animal science classes) of the reason for his/her presence at the evaluation or in the show ring.

9. Coaching is prohibited: Coaching of an exhibitor while they are in the show ring or participating in the evaluation of their project work is prohibited. Coaching is any behavior intended to direct the actions of a given exhibitor during the show or evaluation. Exhibitors determined to be the recipient of coaching may be disqualified from the class at the discretion of the project superintendent, judge or St. Joseph County MSU Extension staff.
