LIVINGSTON COUNTY 4-H HORSE AND PONY PROJECT RULES

Revised 3-28-16

1. A 4-H member's project animal is defined as the animal signed up in Livingston County by 5:00 p.m. May 1 of that year. Only that project animal is eligible to be shown at Achievement Days, the Fowlerville Fair and at the State 4-H Horse Show by that delegate. Those signed up for the Young Animal Project may only show in the classes offered for young animals, unless an additional Horse/Pony Registration has been completed by May 1.

Each member may register up to two horses/ponies as their Project Animals. If the horse stalls requested exceed the quota of horse stalls at fair then each member will be allowed to bring one Project Animal horse/pony to fair. Members will be selected to bring a second Project Animal horse/pony to fair starting with the 19 year old members and descending in age until the quota is filled. Member may qualify with either Project Animal horse/pony as State 4-H Horse Show Delegate, but may only show one qualifying horse/pony at the State 4-H Horse Show.

2. A Pony is defined as a mature animal 56" at the withers or less, unless registered in a pony breed which allows larger sizes. **No animal registered in a horse breed, regardless of size, may show in a pony class.** Ponies 52" – 56" may show in Pony or Horse classes, but not both.
3. At any Livingston County 4-H sanctioned show cantering ponies will be subject to measurement by two 4-H Leaders unless they can show pre-existing pony card to the Show Manager.
4. All ponies must be measured by two Livingston County 4-H horse leaders not in the member's club (measurers must be certified by the Horse Leaders' Association.) A pony card will be issued each year to pony until it reaches the age of five. At that time, a permanent pony card will be issued. If the permanent card is lost, there will be a \$2.00 fee to reissue and the pony must be re-measured. Cards issued by breed associations or the American Horse Shows Association may be accepted. An allowance of 1/2" for shoes and 3/4 inch for shoes and pads will be made. If challenged, any pony must submit to re-measurement. Ponies must be measured on a hard, flat surface. A new pony card will be issued if there is a change in rider or owner.
5. A walk/trot rider is defined as any 4-H member 19 years old and under who does not feel qualified to canter in the show ring. A walk/trot rider must not be cantering at any other 4-H events. Violation of this rule will result in rider being moved to cantering classes. All walk/trot members must ride in a performance class in order to participate in Gymkhana classes. If a rider wants to return to walk/trot with a new horse they must petition the Horse Committee for approval by submitting a written request at least two weeks prior to the next Horse Committee's regularly scheduled meeting and then presenting it to the Horse Committee either by themselves, through their leader or parent.
6. All shows will use the 4-H Horse and Pony Rules and Regulations Bulletin 4H 1145 (current version). This may be obtained at the MSU Extension Livingston County Office or on online at www.msue.msu.edu/horsekids as well as the Livingston County 4-H Horse & Pony Project Rules (current version). Clubs need to also abide by the MSU Cloverbud rules for 5-8 year olds.
7. In a gymkhana class anyone who crosses the barrier a second time will be disqualified.
8. A permanent back number will be assigned after all May 1st forms are in to May 1st horse/rider combinations. You are responsible for keeping this number to wear for the entire

show season. This number is to be used at all shows for your May 1st animal. If you are riding a different animal you will need to use a different number for that animal.

9. Novice Cantering is for youth 19 and under, restricted to one year, regular showmanship classes with a minimum of two gymkhana classes offered. Novice Canter applies to rider only. Due to safety reasons Novice Canter riders may not enter jumping classes or bareback classes.
10. Jumping Rules – Riders are required to obtain a jumping card before fair in order to jump at fair. To obtain this card a member must participate in a Livingston County 4-H jumping clinic and successfully complete, without any disqualifications, any jumping class at a 4-H or any other Hunter/Jumper show with proof of results signed by the show superintendent on the required Jumping form with the horse that will be shown at fair. This card must be shown to the show superintendent at fair check-in or the member will be removed from the class. For the rules on these classes please see the 4-H Horse and Pony Rules and Regulations Bulletin 4H1145 (current version).
11. Jumping and trail equipment are available for club and approved organizations to rent for \$25.00 per season each. Trail equipment includes a gate, mailbox, bridge, ground poles, and cavalettis.
12. All Fair rule changes for current program year must be proposed no later than the November meeting and approved no later than the February meeting in order to be approved at the March 4-H Council meeting.
