Explore the exciting field of animal and veterinary science with one of MSU Extension’s premier pre-college programs! Practice veterinary medicine, research zoonotic conditions and discover careers!

4-H Animal & Veterinary Science campers will stay in a campus dorm and experience campus life, enjoying experiences such as:

- **Tours of on-campus clinics and labs** – Explore MSU’s Veterinary Medical Center and Diagnostics Center for Population and Animal Health. Learn and interact with MSU faculty and veterinary students.
- **Potter Park Zoo** – Learn what life is like for someone who truly works with wild animals: an exotic animal veterinarian at the zoo!
- **Hands-on veterinary activities** – Try your hand at dissection, suturing, first aid, physical examinations, x-ray reading, animal handling and more.
- **Tours of campus farms** – Get a behind-the-scenes tour of the MSU Horse, Sheep, Dairy and Poultry Farms. Learn about research done on the farms from farm managers and faculty members.
- **Case study evaluations** – Work your way through a veterinary science case study to determine the best course of treatment before presenting your case to experts.

The 4-H Animal & Veterinary Science Camp is a collaborative program of MSU Extension, MSU Department of Animal Science and the MSU College of Veterinary Medicine.

**APPLY!**
Youth aged 13 to 16 can go to [http://4h.msue.msu.edu/events/4-h_animal_and_veterinary_science_camp](http://4h.msue.msu.edu/events/4-h_animal_and_veterinary_science_camp) to apply. Space is limited! Campers will be selected on the basis of their applications. Send your application to Julie Thelen at MSU Extension by April 17. Questions? Call 517-432-1626 or email thelenju@msu.edu.

**LOW COST!**
The cost to attend this five-day camp is just **$300** ($310 for youth who are not 4-H members) and includes all meals, transportation to field trips, lodging and materials.
