Welcome

Welcome to the 47th annual 4-H Exploration Days! More than 2,400 participants are enrolled and we're glad you're here. Have fun and learn as much as you can while you're here. When you return home, apply what you've learned and share it with others. Please enjoy your stay and all that 4-H has to offer.

Emergency Procedures

If you spot a FIRE:

1. Set off an alarm.
2. Call **911** or inform the hall reception desk and report the location of the fire.
3. Leave the building calmly and quietly. **Do not** use the elevator. (Conference assistants will direct the evacuation.)
4. Once you reach a safe place, notify General Headquarters at (517) 353-2922.

NOTE: The silver decal on the back of your housing room door gives more information on fire procedures.

If there is a TORNADO:

You will hear a steady signal of varying volume. That warning signal means **TAKE COVER NOW!**

1. Move to an interior hallway with no windows or other hazards.
2. Stay under cover until the "all clear" signal is given.

If you have an EMERGENCY SITUATION:

Call General Headquarters at 517-353-2922 from 7 a.m. to midnight on Wednesday and Thursday and from 7 a.m. to 2:30 p.m. on Friday. If you need help during the night, contact the West Akers desk receptionist (517-353-3358), who will connect you with the 4-H Exploration Days program director.

Kettunen Center

The Natural Place for Discovering 4-H

Kettunen Center is a statewide 4-H training facility located near Tustin in northern Michigan. It's a really cool place for 4-H volunteers and youth members to learn more in specific 4-H project areas such as companion animals, environmental and outdoor education, veterinary science, food and fitness, visual arts, citizenship, leadership, and service learning. While at Kettunen Center, you can also enjoy hiking, fishing, swimming, boating, snowshoeing, and cross-country skiing. If you're a teen leader or adult volunteer in 4-H, check out the 4-H volunteer workshop schedule online at http://msue.anr.msu.edu/program/info/4h_volunteer_training. The 2016-17 workshop schedule will be on the web by late summer. You can also talk to your local 4-H staff to find out more about statewide 4-H workshops.
