Summer Romance Mandevilla & Dipladenia

• Vining type: These vigorous viner and disease resistant Mandevilla will aggressively climb any trellis or structure close to it and will thrive in the heat and humidity all the way until fall!
  
  Height: 18-36”
  Space: 12-16”

• Bush Type: Great for use in smaller pots or larger patio containers, very floriferous variety with great branching and early blooms
  
  Height: 12-24”
  Space: 3-10”
Ipomoea

Densely branched SolarPower holds its shape and color in the landscape and mixed combos all Summer long.

**Finished height:** 10 to 12 in.  
**Finished spread:** 24 to 36 in.
In Ground!
NEW SolarTower™ Ipomoea

NEW Black
NEW Lime

This is a FUN one! The first-ever self-climbing ipomoea!

Quick climbing plant is ideal for patio pots with a small trellis, as a topiary or on a vertical wall planting.

Can be mixed with Thunbergia Sunny!
