Dear Friends:

Welcome to the 2015 fair season! Our county fairs are a family tradition for many Michiganders. It's an entertainment staple celebrating our agricultural heritage and showcasing the diversity and innovation of our growing food and ag sector. The fair season is a celebration of all that agriculture contributes to our state.

Millions of Michiganders and tourists attend county fairs every year. These events are wonderful opportunities to experience Pure Michigan at its finest. In fact, agriculture has always been an integral part of our state and its future has never been brighter. There's a lot to be excited about in Michigan's food and agriculture industry today. It uses cutting-edge technology, incorporates environmental practices, and is an industry filled with tremendous career opportunities in a variety of areas from biotechnology, microbiology, soil scientists, veterinarians, metrologists, and more.

I am proud of Michigan's 4-H program and the tremendous accomplishments of our FFA peers who are helping cultivate the agriculture industry's future leaders. Thanks to Michigan's local and county fairs, Michigan youth have the opportunity to showcase their hard work while connecting people to our food and agricultural roots.

Our county fairs are full of local charm, family fun and agricultural traditions. Be sure to visit a local or county fair as part of your Pure Michigan summer travel plans.

Sincerely,

AND RURAL DEVELOPMENT

JAMIE CLOVER ADAMS
DIRECTOR

Dear Friends,

On behalf of Michigan's fair industry, welcome to the 2015 county fair season!

Millions of people attend Michigan's county fairs each year, and this year's fair season promises to provide the sights, sounds and activities that have become an annual tradition for many of us.

Michigan fairs are an important part of our state's growing food and agriculture industry, helping to maintain a much-needed connection to rural traditions while highlighting modern agriculture practices. Our state's nearly 90 local, county and state fairs provide safe, family-friendly entertainment and celebrate the bounty of our agricultural harvest.

Fairgoers support the nearly 50,000 Michigan youth who participate in livestock and community arts exhibitions each year. Many local businesses and families also support the efforts of our young exhibitors' efforts through youth livestock auctions held at each of our county fairs. Many of our exhibitors use the auction proceeds to help fund their college education or vocational training after high school.

Whether you are here as a sponsor or exhibitor, or simply to enjoy the livestock shows, food, midway rides, and entertainment awaiting you at the fair, I wish you great adventures during the 2015 fair season.

Regards,

Dear Friends and Exhibitors:

It is my privilege as the new President to welcome one and all to this year's Tuscola County Fair. Since I was a small boy, the fair has been a huge part of growing up. As an exhibitor and later as the son of a long-time past President of the fair, I am honored to continue the efforts of my father and all those who have gone before.

Each year a dedicated group of volunteers spend countless hours preparing for the coming year's fair. To all the board members, 4-H, and FFA leaders, exhibitors and volunteers my heartfelt thanks.

It is our hope that you enjoy the efforts of this dedicated group. Whether you come to enjoy the excitement of the grandstand, carnival, the livestock, the food or many exhibits, we're sure you will find many hours of fun and excitement.

Sincerely

Neil Jackson

 - B. Present the container for examination to the animal representative/exhibitor, making sure to verify with the animal representative that the security seal has not been previously broken. If the sample container is rejected for any reason, use another container and return the defective one to the laboratory. **Note:** The animal representative must remain with the animal at all times during the sample collection process.
 - C. Record the seal # in the top right box of the Sample Transmittal Packing List.
 - D. Open the container by pressing upward on the tab marked open, breaking the seal.
 - E. Place the container in the catching stick; fold the lid back and anchor it under the metal finger welded onto the handle.
 - F. If a urine sample cannot be obtained, a Michigan Licensed Veterinarian/Veterinarian Technician may collect five tubes of blood from the animal. Each tube of blood must be identified with one of the six small sticker tags provided on the “Sample Tag.” Place the five labeled blood tubes inside a plastic sample container and seal as described below.
 - G. After collecting the sample, close the lid and snap it completely shut. Loop the barbed plastic strip on the sample container through the two holes in the container tabs and pull snug. Apply a short piece of evidence tape across the protruding end of the plastic barbed strip and also across the lid and down sides of the container.
 - H. Complete the information on a “Sample Tag” substituting the name of the fair for “Track,” the name of the animal (Grand Champion Steer, Reserve Champion Swine, etc.) for “Horse” and the ear tag number or other unique identification number for “Tattoo.” After the animal representative has watched the sample collection and sealing, they must sign under “Witness” on the sample tag. The person collecting the sample must sign under the “Sampled By” on the sample tag.
 - I. Place one completed large sticker tag from the top of the “Sample Tag” on the top of the sample container over the evidence tape and the other completed large sticker tag on the side of the container. The remaining portion of the completed “Sample Tag” must be kept and NOT returned to the lab.
 - J. Lock the sealed and labeled sample container in a metal can. **Note:** Once the can is locked it cannot be opened until it reaches the lab.
 - K. Samples must be held secure and cold until transferred to the laboratory. **Note:** Urine may be frozen; blood must be kept refrigerated and never be frozen.
 - L. Any discarded needles should be placed in an approved “Sharps” container by the veterinarian/veterinarian technician.
 - M. When all sample collection has been completed, fill out the “Sample Transmittal Packing List.” The packing list must identify the tag number of all samples included in the case. Enclose the completed “Sample Transmittal Packing List,” and unused supplies and regenerated/refrozen freezer packs in the case and seal it with the provided intact case seal.

After Sample Collection is Completed

1. Transport samples to the lab either in person or by overnight express. Arrange samples to arrive at the lab during normal business hours (7:30 am-5:00 pm, Monday through Friday). The lab is located on the campus of Michigan State University at: 1615 South Harrison Road, East Lansing, MI 48823.
2. Collect and retain signed Animal Certification Forms and the remaining portion of the completed “Sample Tag.” **Note:** Both of these documents should be kept in a secure place for cross-reference when sample results are received. In the event of a positive result these documents must be kept as evidence.

All costs of said testing will be charged as follows:

1. In the case of negative results all costs to be paid by complainant.
2. In the case of positive results all costs to be paid by owner of animal in question.

4-H AND ETHICS: JUST DO THE RIGHT THING!

One of the most difficult challenges when involved in competitive events, such as fair, is remaining true to what we know is right. It can be awfully tempting to do something that isn't quite right, but might not be exactly "wrong". This is the true challenge of behaving ethically—doing what's right when we're most tempted not to do so.

Although no one can argue that earning a blue ribbon is a great feeling, the ribbon should never be the goal. Instead, fair should be looked at as a means to demonstrate to one another and to the general public what has been learned through a year of hard work in a given project area. Our fair is an educational opportunity for youth, and for the public.

Tuscola County 4-H members are expected to be sincere, honest and to act in a sportsmanlike manner at all times. Every individual member represents the entire 4-H program and their behavior reflects not only on themselves but also their parents, leaders, club, and the entire county. All adults working with 4-H youth, including parents, judges, superintendents, and club leaders, are expected to serve as positive role models by what they say and by what they do.

4-H youth are expected to do their own work to a quality that is appropriate for their developmental level, following the guidelines and rules provided in the Tuscola County Fair Book each year. Adults should guide and support, not do the work for youth.

4-H animal exhibitors are expected to provide appropriate care for their animals and to treat them in a humane manner. Youth who participate in livestock auctions must ensure that the animals that they sell have been raised using agricultural best practices and are safe for consumers to eat.

Most importantly, 4-H members should participate in fair because they are excited about 4-H, about their project areas, want to show what they've learned, and want to share in their peers' accomplishments as well.

YOUTH GENERAL REGULATIONS CLASSES & PRIZES

1. Entry in classes at the Tuscola County Fair is suggested for the combined exhibits of the work of youth enrolled in 4-H Youth Programming or in FFA Vocational Agriculture classes during the current program year (September 1st – August 31st).
2. These general regulations apply to all 4-H and FFA exhibitors. All 4-H and FFA exhibitors must abide by all the project, class, section, division, and department regulations and deadlines for the project(s) as well as the general regulations established jointly by the 4-H Council and FFA Advisors.
3. **All exhibits are entered with the understanding that the fair association and Tuscola County 4-H accept no responsibility for loss, damage, sickness, injury or death of any animal or other item exhibited. The exhibitor assumes all risk and is responsible for any expenses incurred as a result of such loss or damage.** See also “Rules Governing Entries, Exhibits, Awards and Business of the Association” Section 1, Rule 4.
4. To be eligible to exhibit in 4-H classes, the member must be properly enrolled in the Tuscola County 4-H Program no later than close of business on the last business day of January for returning members or the last business day of April for new members, **NO EXCEPTIONS**. Youth residing outside of Tuscola County **MUST** be properly enrolled in 4-H prior to April 1st to be eligible to exhibit in 4-H classes.
5. Members exhibiting in livestock, horse, dog, or shooting sports events must be enrolled in a 4-H Club that has a registered leader in the project area in which they are exhibiting.
6. 4-H age is determined by the child’s age on January 1st of the current year. 4-H members must be between the ages of 9 and 19 to exhibit in 4-H classes at the Tuscola County Fair.
7. Cloverbuds must be between the ages of 5 and 8 on January 1st of the current year to exhibit in Cloverbud activities at the Tuscola County Fair. Cloverbud classes are non-competitive (not placed or ranked A, B, C, and/or 1, 2, 3) and promote participation as well as education.
8. FFA members should indicate on their entry forms that they are FFA members.
9. All non-animal exhibits must have an entry tag attached. Entry tags are pre-printed and will be made available through the MSU Extension office the week prior to fair, at the fairgrounds on the day of Community Building check-in/judging, or through project superintendents.
10. Projects belonging to exhibitors with special needs that should be brought to the judges’ attention can be marked by writing 4-H in the top right corner of the exhibitor card and drawing a circle around it.
11. Exhibitors are limited to entering one project per class regardless of the fact that they may be enrolled in both 4-H and FFA.
12. All entry forms must be submitted to the MSU Extension office before Tuesday, June 23rd, 2015. **NO ENTRIES WILL BE ACCEPTED AFTER THIS DATE.** Changes or additions will not be allowed after the deadline.
13. In the event it appears there will be a conflict in exhibiting times, it is the responsibility of the 4-H exhibitor to notify the superintendent in advance.
14. Exhibits will be judged on a blue, red and white ribbon (A, B, and C) basis. Any exhibit that does not meet the requirements listed for the project will automatically receive one prize lower.
15. Fair Premiums will no longer be paid by the Fair Board. In Lieu of Premiums for 2012 and beyond, any 4-H or FFA youth who exhibit in (5) or more divisions shall receive a free grandstand pass for the week of fair. Exhibitors must have a card signed by superintendents to verify projects. Exhibitors must present a complete signed card and 4-H pass to the fair office on Sunday July 19th and Monday July 20th 2015 to receive the free grandstand stamp. This decision will be reviewed annually. Projects must be deemed worthy, such as with a B rating or better, and not misrepresented in any way.
16. All awards shall be forfeited if any 4-H or FFA person is involved in improper conduct in any exhibit or activity area during the fair. If deemed necessary, the person(s) will be sent home. The decision is to be made by the Executive officers of the 4-H Council, one Fair Board member, and the involved superintendent.
17. All livestock exhibitors must abide by the bio-security policy, which is available through the MSU Extension office.
18. All fair exhibits must remain at the Tuscola County Fair until the published release time. Each exhibitor is responsible for picking up, or making arrangements for the pick up of, their exhibits at this time. If necessary, exhibits in the Green or Crops Buildings may be picked up the following week at the MSU Extension office. **Projects not picked up within 14 days after fair will be discarded. PROJECTS LEAVING EARLY WILL FORFEIT PRIZES.**
19. All final decisions pertaining to fair policy will be made jointly by the Tuscola County 4-H Council and the Tuscola County Fair Board.
20. 4-H and FFA members are **NOT** allowed to sleep in barns, trucks, or cars. All overnight stays **MUST** be at an approved campsite with proper adult supervision. No running or smoking in the barns. No dogs, skateboards or bikes allowed on the fair grounds.
21. Each 4-H club must have a minimum of one adult and one teen present at both set-up and clean-up. All project areas will set up at 6:00 p.m. on the Wednesday before fair week unless indicated otherwise in the 4-H newsletter. Clean up will be during release time on Sunday between the hours of 6:00 a.m. to 10:00 a.m.
22. Each 4-H club is responsible for providing help for the 4-H Diner at least once during fair week. The 4-H Diner relies on 4-H youth, parents, and leaders to volunteer during the week of the fair. Failure to comply will result in suspension of any scholarship awards for members of that club for the following enrollment year.
23. **SPECIAL 4-H ADMISSIONS:** *4-H members and leaders may purchase a gate pass for \$2.50 for the entire week. Helper passes may be purchased for \$2.50 per day or \$12.00 all week. A gate pass permits unlimited entries for one (1) person. Each person entering the fair must have a gate pass or pay the admission fee each time they enter. The gate pass must be signed and carried by the person who it was issued to. These special passes do not include admission to the midway rides or grandstand. ***4-H members can purchase a week pass to the grandstand for \$11.00 from the fair office.**
24. All exhibitors and their families are to show 4-H spirit, showmanship, and respect to all participants and visitors at the fair.

LARGE LIVESTOCK

LARGE LIVESTOCK COMMITTEE CHAIRPERSON – Joe DeLong (989) 492-4473

YOUTH LARGE LIVESTOCK REGULATIONS

Species specific Large Livestock Exhibitor Meetings will be held in the Livestock Pavilion on Sunday immediately following the scheduled check-in/weigh-in time for each species. ALL EXHIBITORS MUST ATTEND! Record sheets for all animals are due at the end of each meeting on Sunday.

1. All exhibitors are expected to know and follow the Youth General Regulations within this book.
2. Ownership is required for market livestock projects. The exhibitor must own the animal he or she is exhibiting.
3. Market livestock projects must be tagged according to the procedure specified by the superintendent for each species. There will be no exceptions to this rule; all market animals must be tagged. Notification of tagging dates and procedures will be printed in the Tuscola County 4-H Newsletter/Emails/Facebook posts. At the time of tagging, an exhibitor may elect to weigh-in for entry into rate of gain contests if applicable.
4. All exhibitors must check with the appropriate superintendent before stalling and exhibits must remain in the assigned stall. **Sunday Arrival:** Any Tuscola County 4-H participant that is attending both MLE and the TCF will be granted late arrival for check-in on Sunday of the TCF. The MLE participants shall arrive NO later than (5) hours after final show/class concludes. A Large Livestock Representative at MLE will call another Large Livestock member on the grounds, to let them know when the class has ended, and the animal must be weighed in upon arrival at the TCF grounds, within the (5) hour limit.
5. Homebred animals must be designated at the time of tagging. Homebred is defined as ownership of female at time of conception.
6. The Health Requirements for Livestock Exhibited in Michigan MUST followed.
7. **If any animal shows clinical signs of infectious, contagious, or toxicological disease at check-in; that animal and any other animal(s) transported with or housed with the diseased animal shall be removed from the fair. Alternates will not be accepted.**
8. No exhibitor may exhibit more than five (5) market livestock species. Once (3) Grand &/or Reserve Champion animals have been awarded, that exhibitor may no longer show any additional market livestock species, except in showmanship class. All Grand & Reserve Champions must sell.
9. No exhibit that is shown in a breeding class may be shown in a market class.
10. There shall be only one (1) official weigh-in per exhibited market livestock animal.
11. Bedding and feed are to be provided by each exhibitor. No bedding or food shall be provided.
12. By submitting livestock entries to the fair, exhibitors agree to abide by the Tuscola County 4-H Livestock Cleanliness Policy. All livestock exhibitors must turn in a completed and signed livestock cleanliness policy with their fair entries. Any exhibitor who fails to keep livestock properly fed and watered as well as maintain a neat stall will be subject to the penalties noted in the Livestock Cleanliness Policy.
13. The animal is the sole responsibility of the exhibitor from time of arrival to departure on the closing Sunday of the fair. Cleanliness Policy penalties may be applied even after the Market Livestock Sale, including the possible forfeiture of all sale earnings.
14. When exhibiting and selling their animals, all exhibitors are expected to adhere to the large livestock dress code as it appears in this book.
15. Accurate record sheets MUST be completed for each market livestock project. All record sheets are to be turned in to the superintendent at the Large Livestock Exhibitors Meetings on Sunday. They will be judged on neatness, content, answers to questions asked, age of exhibitor, and year in project.
16. Barn prizes for each department will be given on Friday during the sweepstakes contest.
17. All exhibitors are required to clean up their respective areas at the close of the fair on Sunday.
18. Exhibit Fee: Each animal sold will have a fee deducted from their fair check to help pay for project expenses and fairground improvements.

LARGE LIVESTOCK SALE

1. The large livestock sale takes place the Thursday of fair week starting immediately following the completion of the small livestock sale, but not before 11:00 a.m.
2. Each exhibitor is limited to selling three (3) items. The three items may include any of the following: the Milk of the Grand or Reserve Champion Dairy Exhibit, Market Beef Steer, Market Feeder Beef, Pen of Lambs (counts as 2 items), Pen of Hogs (counts as 2 items), Individual Lamb, or Individual Hog.
3. Any exhibitor electing to sell must have shown the animal on foot in its respective market class.
4. Each species superintendent determines the order of sale for that species.
5. All exhibitors who sell a market livestock project must complete a "Thank You" card addressed to their buyer before they will receive a check for the sale of their animal(s). The exhibitor MUST apply postage and turn it in to the Community Building by Saturday.

LARGE LIVESTOCK EXHIBITOR DRESS CODE

The large livestock committee is concerned about the appearance of our 4-H members when selling and exhibiting their animals. Your appearance both in the show and sale ring is important as to how the public views both our program and our members. Exhibitors who do not follow the dress code will not be allowed to exhibit and/or sell their project until they are dressed appropriately.

1. **Shirt** – A shirt with collar and sleeves looks the best while exhibiting livestock. A knit shirt or dress style polo shirt is appropriate, but all shirts must be able to be tucked in. No tank tops, spaghetti straps or crop shirts. Bare midriffs and visible undergarments are not acceptable.
2. **Pants/Skirt** – Clean and pressed jeans or khaki type pants with no holes are acceptable. Skirts must come below the knee and have no holes. Also exhibitors should wear a belt if pants have belt loops.
3. **Footwear** – This is for your protection. Boots or leather shoes with a back must be worn. No athletic shoes, sandals or flip flops.

CLOVERBUD LARGE LIVESTOCK RULES

1. Large livestock participants may use one (1) of the animals already on exhibit. Calves must weigh under 550 pounds. Swine can not be trailered in. If an animal is brought to the fair for this event only, it may stay for the day of the show only and must meet all MDA health requirements.
2. Participants will enter the ring with their project and must be accompanied by an adult or 4-H member age 14 or older who will assist the Cloverbud.
3. All exhibitors will participate in non-competitive showmanship with their project animal(s). The judge may elect to conduct interviews with Cloverbuds.

At least two members of each exhibitor's family are expected to assist with cleaning cages and the small livestock barn area for a two hour shift between the hours of 7:00 am to noon or until the area is clean. Sign up for cleaning times will begin at the Small Livestock Exhibitors Meeting.
